

Hello All!

This letter comes to you to request your restaurant's participation at the Starr's Mill High School's Spring Sampler on Saturday, April 28th. The Spring Sampler celebrates the flavors of our community with incredible food and music! This event is an important fundraiser for the band program at Starr's Mill High School and we are pleased to give our local restaurants the opportunity to highlight their amazing cuisine while supporting the band program at Starr's Mill High School!

The entertainment at the Spring Sampler will highlight the very talented students from Starr's Mill High School, including several ensembles such as our new Rock Band and our award winning Jazz Bands.

I do hope you will agree to join us, as a participating sponsor restaurant. This year's event will be held on Saturday, April 28th, from 11-2 at the Frederick Brown, Jr. Amphitheater in Peachtree City. We are asking each participating sponsor restaurant to prepare, donate and serve enough food to provide a taste of their menu specialty to approximately 500 guests during the event. Our amazing parent and student volunteers will work closely with each participating restaurant to assist with setting up and serving the delicious fare.

Tickets to the general public will be sold for \$10 per person in advance, which will allow each ticket holder six "tastes" from our participating venues during the fundraiser.

As an event sponsor, your restaurant will receive name exposure on our website, [www.smhsband.org](http://www.smhsband.org) as well as Facebook leading up to and following the Spring Sampler. At the venue, we will provide a 6'- 8' table, restaurant sign, table covering, and two free tickets to enjoy the other restaurants. In the past, many of our sponsors have provided food and we have had volunteers serve. If your restaurant is not able to be at the event in person, we will gladly pick up and serve your samples for you. Starr's Mill High School Band Program looks forward to sharing the excitement of our Spring Sampler with you.

For more information and/or to be included in this event, please contact Becky Garcia at (678) 634-8676 or [mbzegarcia99@gmail.com](mailto:mbzegarcia99@gmail.com).
